

At Bicton Place we strive to offer excellent dentistry, in a pleasant environment and at a reasonable price.

Our aim is to protect and improve you and your family's dental health with a strong emphasis on preventative dentistry.

We will always try to be as open and honest about the cost of treatment as is possible.

This price list is intended to give you an idea of the cost of individual items of treatment. Due to the nature of modern dentistry, it is not always possible to be precise about the cost of more complex items as the amount of preparatory and foundation work required will vary from person to person. Costs will always be discussed with you before any treatment plan is undertaken.

If you have any concerns, questions or special needs, please don't hesitate to discuss these with us at any stage.

## Bicton Place Dental Surgery - Price List

### Denplan 'Essentials' Healthcare Plan

We offer our patients the Denplan Essentials healthcare plan. We recommend this because it ensures that you can be seen regularly by your dentist with the time and attention needed for good, preventative care.

The monthly fee covers the cost of:

- two annual consultations with scale and polish
- routine check-up X-rays
- worldwide supplementary dental insurance cover for when you are away from home
- emergency call outs
- 10% off the cost of any additional treatment required.

Please ask us about the plan and other more comprehensive options if you are interested.
